

HANDLE WITH CARE

The summer curriculum is designed to accommodate campers from all denominations. God made us for relationship – with God, with each other and with creation. The call to relationship echoes throughout the biblical witness. During the week, Worship Leaders (Pastors and Christian Educators) and Camp Counselors will help campers deepen their understanding of what it means to live in loving relationship with God, each other, and creation, with an emphasis on how they can “Handle with Care” the relationship with creation. They’ll examine what the Bible says about their role in God’s creation and consider what it means to handle the creation with care.
